

Convenience Fees for Credit Card Usage

The Board of County Commissioners has signed Resolution Number P007-09 which authorizes the County Administrator to enter a financial arrangement with Point & Pay for collecting a convenience fee for financial transaction devices used to make payments owed the County. This was NOT instituted by the Clerk who is compelled to implement it.

This includes electronic filing credit card charges. The beginning date for this change for the e-filing applications is August 1st, 2009.

Credit cards to be accepted are American Express, Discover and MasterCard.

Those who now use Visa credit cards must switch to one of the three types listed above. **The last filings with no convenience fees must be done by 12 noon on Friday, July 31.**

The fee varies according to the amount to be charged and this schedule is listed below.
